Zentrisch

Die Leuchten hängen mittig und gleichmäßig unter dem Baldachin.
Das sorgt für ein ruhiges, symmetrisches Gesamtbild.

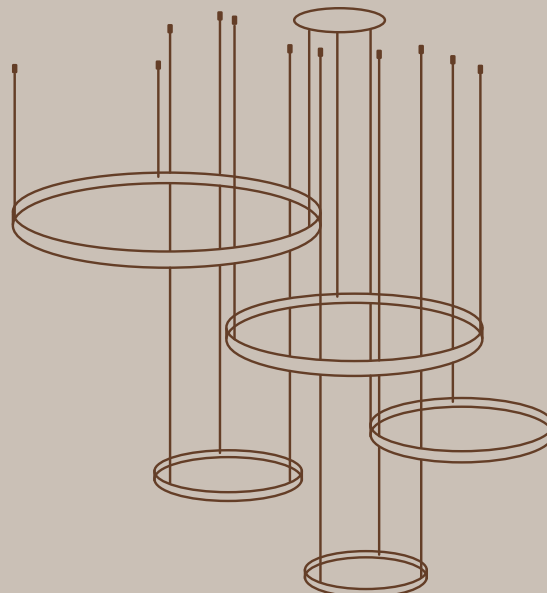

Centric

*The lights hang centrally and evenly beneath the canopy.
This creates a calm, symmetrical overall appearance.*

Exzentrisch

Die Pendelleuchten werden versetzt zum Baldachin angeordnet.
So entsteht ein lebendiges Lichtbild mit besonderer
Raumwirkung und modernem Blickfang.

Eccentric

*The pendant lights are positioned off-center relative to the canopy.
This creates a dynamic lighting arrangement with a distinctive spatial effect and a modern
visual focal point.*

A large, modern pendant lamp with multiple glowing, curved lines hanging from a circular ceiling fixture in a gallery space. The lamp's design consists of several parallel, elongated, teardrop-shaped loops of light that create a sense of depth and movement. The background is a warm, yellowish-brown wall with three framed abstract artworks. The floor is dark and reflective, mirroring the light from the lamp.
